Easy Gourmet did the catering for our wedding in July this year, but their service was so much more than just the food. the owner, provided an extra level of service in helping us to make lots of important decisions and plans for the day right from timing, decorations, transport and more. our Event Manager on the day ran an extremely tight ship and was always there when needed. The day could not have gone any better. I would recommend Easy Gourmet to anyone to cater their wedding and the food was great! Don't be put off by the slightly run down venue they use for tastings.

Thank you EasyGourmet!

easygourmetcatering catered our wedding in May in the Stoke Newington Town Hall. From start to finish the Easy Gourmet team were helpful, approachable and easy to work with. We changed our minds a few times about what we wanted and eventually went for a vegetarian meal. it came out beautifully and many of our guests commented on how much they had enjoyed the food. We also particularly enjoyed the tasting evening. There was ample food to try and we went home confident in the caterers. Thoroughly recommended.

Easy Gourmet did the catering for our wedding in December. They were supportive, creative and massively helpful from the first meeting all the way through to questions after the event. They gave us useful pointers all the way throughout the process and were constantly prompt in replying to queries and questions. They helped with the schedule for the day and the layout of the venue without ever being pushy or going against our wishes.

The wedding itself ran incredibly smoothly and this is down in a large part to the efficiency, precision and attention to detail shown by Easy Gourmet. Our event manager was completely in control and understood entirely our vision for the day.

As someone who is used to planning events, I was nervous about handing responsibility over to other people but Easy Gourmet really did exceed all my expectations. Friendly, efficient and professional throughout - I'd recommend them to anyone!

Easygourmet were the [caterers](#) for our daughter and son-in-law's wedding in August and we can't praise them highly enough. They were excellent from start to finish: friendly, efficient and helpful - nothing was too much trouble. We enjoyed an initial food tasting, and were talked through all the procedure several times so that we did not have to worry at all about the reception. Every detail had been thoroughly thought out, and the reception itself ran as smoothly as we could have wished. She did a wonderful job organising everything and gave us a completely stress free afternoon and evening. All our guests said how delicious the food was, and for all of us it simply could not have been a happier day. Thank you.
